Introduction

The GN is striving to serve the public by providing timely and accurate data about the public service. Article 23 of *The Nunavut Land Claims Agreement* (NLCA) establishes the objective of increasing Inuit participation in government employment to a representative level. The Towards a Representative Public Service (TRPS) report publicizes the Government of Nunavut's Inuit employment progress. This report is a publication of pure employment statistics, and therefore does not report on underlying issues or barriers to employment.

This snapshot of employment statistics is published regularly on the Department of Finance website, with a consolidated report tabled annually in the Legislative Assembly. This statistical data is used to assist in Government of Nunavut employment planning.

This report is prepared by the Department of Finance with participation from all departments and government agencies.
